

# AP CALCULUS VIRTUAL FALL SEMINAR

Day 1: Saturday, September 26th 9:00-12:00

Day 2: Saturday, October 3rd 9:00-12:00

with Special Guest Stephen Kokoska

Stephen Kokoska

- Improper Integrals and Series on the BC Exam (co-host: Dixie Ross)
- Understanding the Scoring Philosophy for the AB Exam (co-host: Scott Pass)

Dixie Ross

- Integration Techniques
- Differential Equations Through Multiple Representations
- Getting Students to Talk in the BC Classroom

Scott Pass

- Differential Equations
- BC Building Functions for Use in Calculus: Optimization and Series
- Focus on Theorems

Bryan Passwater

- BC Processes Associated with Parametric and Polar Equations
- Best Practices: Multiple Representations in the Online Environment
- Limits, Continuity and Motion
- Contextual Problems

Registration is \$175. To register, visit [ap.tcu.edu](http://ap.tcu.edu)
