There are more people in the world who speak English as an additional language than first-language English speakers, and the demand and need for English proficiency continues to grow. The state of Texas has over one million emergent bilingual youth, making up 20% of all students in Texas classrooms. This course will provide comprehensive knowledge for those wishing to teach English in other countries (TEFL) and for those wishing to successfully serve emergent bilinguals in Texas schools (ESL certification prep).

The course will occur in-person on TCU's campus the week of July 15th through July 19th daily from 9:00- 3:00 with an hour lunch, totaling 25 hours. Participants must attend all sessions to receive the continuing professional education certificate. Program registration tuition is \$500.
